SUMMARY

BSc IT graduate with hands-on experience in project development using Java, Spring MVC, and Hibernate. Proven ability to engineer and deploy end-to-end web applications, including a complex Movie Ticket Booking System with real-time analytics, user management, and payment processing. Seeking a challenging role to leverage my skills in application architecture, backend logic, and database management.

TECHNICAL SKILLS

Java	Hibernate
Spring MVC	MySQL
REST API	JSP/Servlets

PROJECTS

ShowTime | Movie Ticket Booking WebApp : Link

- Engineered a secure, end-to-end booking flow with real-time seat availability, a booking review page, and payment processing via Razorpay.
- Built a comprehensive admin panel with full CRUD functionality for movies, theaters, and showtimes, plus a dynamic dashboard for real-time analytics.
- Developed a complete user account system with secure registration, login, profile editing, and password-change features using Spring Security for password hashing.
- Created a REST API to dynamically load movie cast data on the frontend and integrated a client-side PNG ticket download feature.
- Designed and implemented the full user interface with JSP, JSTL, and Tailwind CSS, with initial HTML/CSS/JS structure generated via AI assistance.

Contact List Manager API : Link

- This is a RESTful API for managing contacts, built using Spring MVC, Hibernate, and MySQL. It provides a full set of features for creating, reading, updating, and deleting contact information, along with functionalities like Bulk data insertion, Data Validation, Search, Pagination & Sorting.

Notes App : Link

- Developed a simple notes taker web application using JSP/Servlets for the frontend and Hibernate for backend data persistence, including session management, transactions, and entity mapping
- Enabling users to create, read, update, and delete (CRUD) notes

EDUCATION

BSC INFORMATION TECHNOLOGY, Viva College Graduated with a Bachelor of Science in Information Technology	**2022 - 2025**
HSC, Viva College Completed Higher Secondary Certificate (HSC) education.	**2021 - 2022**
SSC, St Peter's High School Completed Secondary School Certificate (SSC) education.	**2019 - 2020**
